FOR IMMEDIATE RELEASE
April 29, 2008

Vancouver, WA – Makad Global and US Ethanol, LLC sponsored the Earth Day celebration held April 19, 2008 in Longview, Washington, USA.

The annual Earth Day celebration was a fun way to learn about our Earth. Both children and parents enjoyed music, participated in activities and ate delicious food. Makad Global and US Ethanol, LLC contributed to the event by sponsoring and exhibiting at the event.

Ms. Tawni Camarillo, Vice President, Ms. Sonya Eckardt, Office Coordinator and other company executives represented USEthanol® at the event by volunteering their expertise about the importance of renewable energy.

USEthanol® educated both parents and children about US Ethanol, LLC's and Makad Global's commitment to a greener and cleaner Earth. USEthanol® engaged children by asking them to color pictures of flexible fuel vehicles that are fueled by ethanol and writing down a pledge of how they plan to keep the Earth clean.

About US Ethanol, LLC:

US Ethanol, LLC is a privately held company based in Vancouver, WA. Through its wholly owned subsidiary, Northwest Renewable, LLC, it is building a 55 million gallon per year fuel ethanol production facility in Longview, WA. Its long term mission is to bring renewable fuels directly to the motorists of the Pacific Northwest. US Ethanol, LLC markets its ethanol under the trademarks USETHANOLTM, USETM and USE – E85TM.
